How important are the following to you now? The UK being self-sufficient so that we don't have to rely on other countries to source essential supplies (even if this means things are more expensive or less efficient during normal times)

Base: Nationally representative sample of 10,061 UK adults interviewed online 31 July 2020 - 7 August 2020. Data are weighted to the profile of the population.

DEMOS

Do you think the changes - or lack of changes - you have made during the pandemic to the amount you spend on luxuries and unnecessary items have been a good or bad thing?

Base: Nationally representative sample of 10,061 UK adults interviewed online 31 July 2020 - 7 August 2020. Data are weighted to the profile of the population.

DEMOS

Which of these best describe how you feel about the following groups? You can select more than one - People who stockpiled essentials (e.g. food and toilet paper)

Basic: Nationally representative sample of 10,061 UK adults interviewed online 31 July 2020 - 7 August 2020. Data are weighted to the profile of the population. (Respondents who skipped the question removed.)
